## Our Story

Stone Hearth is a family restaurant committed to serving the best possible organic food sourced from over 30+ local New England farms. We have carefully crafted a menu that offers classic and unexpected varieties of Neapolitan-style, oven-fired pizzas, baked pastas, flatbread sandwiches/panini, and homemade salads, dressings and desserts as well as a rolling selection of wine and local microbrews. We believe our simple focus ensures a superior product, supports family farming, protects natural resources and strengthens local economies.

Stone Hearth is proud to announce we now offer a range of **GLUTEN FREE (GF)** menu options. While our kitchens are NOT dedicated gluten free spaces, we go to great lengths to ensure our GF offerings are made with proper food, equipment and safe handling procedures. Please let the team member handling your order know that you are gluten-intolerant so we can take extra care in preparing your meal. Please add \$2.00 to all GF menu items.
